² Based on a 2-meal plan.

Student Assistance

Currently, we are not involved in any government scholarships or grant programs. At the same time, we understand the challenges involved in paying for a college education, and are actively seeking ways to assist students who demonstrate a financial need. The following assistance programs are available during the 6 months in the summer when the nursing student is not enrolled in classes, and are privately funded. While limited, these programs help to provide the hard-working, praying student with the chance to stay in school when this might otherwise be impossible.

Student Missionary Grant

A student missionary grant of up to \$1,000 is available for students returning from a successful assignment overseas (outside of U.S. A.) of at least 12 months in duration. Students are encouraged to apply prior to leaving on assignment to insure funding.

Literature Evangelist Scholarship

Students in an approved literature evangelism program during the summer will be granted a scholarship in addition to the amount earned through book sales. The scholarship is available in the form of tuition reduction applied to the student's account, and matches 50% of monies, up to a \$2,000 match, directly forwarded to the college by the conference or publishing entity. Funds paid to the student will not qualify for this scholarship. One-half of the scholarship money will be applied each semester of the school year the student is enrolled as a full-time student. Should the student leave school, any credit balance up to the amount of the scholarship will not be refunded to the student but will be returned to the scholarship fund.

Task Force/Summer Camp Grant

A task force grant of up to \$1,000 is available for students returning from a task force assignment in North America sponsored by the Seventh-day Adventist Church and Conference related organizations. The grant is based on 50% of the earnings, up to \$1,000, while on the task force assignment. Students are encouraged to apply prior to leaving on assignment to insure funding.

Flexible employment that can work around clinical rotations is encouraged.

Financial Plan Worksheet Instructions

The Financial Plan worksheet is a tool to assist you in projecting the total cost of your educational program at Weimar College. This plan shows us what your projected costs are, and how you intend to finance them. Weimar College does not participate in either federal grants or loans, and as such, the full amount of the cost is to be covered by the student and/or parent/guardian.

Section I

Please project the total cost of your year's education at Weimar, and extend the total onto line (a).

Students may not draw funds from their tuition account. However, they may open a separate account at the Business Office to care for their personal needs.

Section II

If the funds available to you are sufficient to cover the costs projected on line (a), please skip #2 (Sponsorship Source of Funds). If, however, the total on line (b) is not adequate to cover the total cost as projected, please obtain written sponsorship agreements.

Be sure to speak to your local church pastor and request assistance from the church's Worthy Student Fund. At times, funds may also be available from your local conference, so be sure to check with them too. List the amounts that will also be available from other sources and enter the total of all other funds on line (b).

In order to prevent delays in processing your enrollment application, please provide Weimar Institute's Admissions Officer with the name, address, telephone number and fax number of each party who has agreed to provide you with financial assistance.

- **Sponsor Financial Support Agreement:** May be obtained from our online application materials and should be submitted with financial forms. If sponsors have questions, they may contact the Academic Administration Office at 530-422-7923 for assistance. Without the properly prepared Sponsor Financial Support Agreement, your application will not be considered complete.

Section III

Summarize your Financial Plan by subtracting the total recorded on line (b) from the total on line (a). Enter this total on line (c). If the result is positive, you will have sufficient funding for the school term. If however, the result is negative, you have a shortage of funds for the educational program that you have outlined. Please explain in detail how and when you intend to cover this shortage. Please note that lack of adequate funding may prevent you from gaining admission and/or attending for the full period requested above.

Required Documentation

If your Financial Plan does not show adequate financing available, a copy of *both* the student's and the parent's income tax returns for the past two years must be submitted with the application.
