## **Student Assistance Programs**

Currently, we are not involved in any government scholarships or grant programs. At the same time, we understand the challenges involved in paying for a college education and are actively seeking ways to assist students who demonstrate a financial need. The following assistance programs are privately funded and, while limited, help to provide the hard-working, praying student with the chance to stay in school when this might otherwise be impossible.

### **Student Missionary Grant**

A student missionary grant of up to \$1,000 is available for students returning from a successful assignment overseas (outside of the United States) of at least 12 months in duration. Students are encouraged to apply prior to leaving on assignment to insure funding.

### **Literature Evangelism Scholarship**

Students in an approved summer literature evangelism program will be granted a scholarship in addition to the amount earned through book sales. The scholarship is available in the form of tuition reduction applied to the student's account, and matches 50% of monies, up to a \$2,000 match, directly forwarded to the college by the conference or publishing entity. Funds paid to the student will not qualify for this scholarship. One-half of the scholarship money will be applied each semester of the school year the student is enrolled as a full-time student. Should the student leave school, any credit balance up to the amount of the scholarship will not be refunded to the student but will be returned to the scholarship fund.

### **Task Force/Summer Camp Grant**

A task force grant of up to \$1,000 is available for students returning from a task force assignment in North America sponsored by the Seventh-day Adventist Church and Conference-related organizations. The grant is based on 50% of the earnings, up to \$1,000, while on the task force assignment. Students are encouraged to apply prior to leaving on assignment to insure funding.

# Financial Plan Worksheet Instructions

The Financial Plan worksheet is a tool to assist you in projecting the total cost of your educational program at Weimar Institute. This plan shows us what your projected costs are, and how you intend to finance them. Weimar Institute does not participate in either federal grants or loans and, thus, the full amount of the cost is to be covered by the student and/or parent/guardian.

## Section I

Please project the total cost of your year's education at Weimar Institute, and extend the total onto line (a).

Please note: *A \$3,000 downpayment, which is included as part of tuition expenses, is due on registration day for both the Fall and Spring semesters.*

**Students may not draw funds from their tuition account. However, they may open a separate account at the Business Office to care for their personal needs.**

Enter the sources of all funds available to you and enter the total on line (b). If the funds available to you are sufficient to cover the costs projected on line (a), please skip Section III. If however, the total on line (b) is not adequate to cover the total cost as projected, please obtain written sponsorship agreements.

## Section III

Be sure to speak to your local church pastor and request assistance from the church's Worthy Student Fund. At times, funds may also be available from your local conference, so be sure to check with them as well. List the amounts that will also be available from other sources and enter the total of all other funds on line (c).

In order to prevent delays in processing your enrollment application, please provide Weimar Institute's Admissions Officer with the name, addresses, telephone number and fax number of each party who has agreed to provide you with financial assistance.

**Sponsor Financial Support Agreement:** May be obtained from our online application materials and should be submitted with financial forms. If sponsors have questions, they may contact the Academic Administration Office at 530-422-7923 for assistance. **Without the properly-prepared Sponsor Financial Support Agreement, your application will not be considered complete.**

## Section IV

Summarize your Financial Plan by computing the total of lines (b) and (c) and subtracting the total recorded on line (a). Enter this total on line (d). If the result is positive, you will have sufficient funding for the school term. If however, the result is negative, you have a shortage of funds for the educational program that you have outlined. Please explain in detail *how* and *when* you intend to cover this shortage. Please note that lack of adequate funding may prevent you from gaining admission and/or attending for the full period requested above. A minimum of 80% coverage is required before the application can be reviewed.
