

Weimar
University

AS in Nursing

“

I decided to join Weimar University because I wanted to be a part of a school that was faith based. Weimar University truly lives up to their mission of “healing a hurting world.” My overall experience from day one has been amazing and so uplifting with the spiritual guidance and support from the faculty and classmates. Being a part of TCI has been a great experience in reaching out to our community and has been one of the highlights that Weimar University has to offer!

—Cynthia Duncan

RN to BS in Nursing

The Associate Degree Nursing (A.D.N.) Program may be completed in four semesters after the pre-nursing courses are completed. The Nursing program consists of classrooms, simulation laboratory sessions, and clinical time in skilled nursing facilities, acute care hospitals, and outpatient settings. Some of the clinical facilities are a distance from the University and intensive learning clinical sessions will be provided. All pre-nursing courses must be completed before starting the Nursing Program.

BE A GOOD NEIGHBOR

Since August 2017, Weimar University's weekly service program called Total Community Involvement (TCI) has gotten attention. Even peer reviewers from an accrediting team have especially recognized TCI and its impact.

Each week, students, faculty, and staff spend a half-day meeting individual and group needs in the surrounding communities. It's yardwork, decluttering, helping people moving, health education for individuals and groups, healthy cooking demos, visiting with invalids and the lonely, and more.

Thanks to private donations, TCI teams have been able to give over 2.5 million dollars worth of their time in free medical care and other services since TCI began. It's our way of sincerely and practically sharing the gospel through a helping hand, a smile, or a conversation that can all lead to Christ.

THE WEIMAR DIFFERENCE

Weimar University was founded to impart a knowledge of God to its students. In order to do this, we follow the most effective methods of education: God's methods. Only by following these methods can we impart true education to our students.

Weimar University admits the students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Weimar University does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.
