“

In Principles of Accounting... you learn everything through a Biblical perspective. That's not something you get at every school.

—Emily Selchow

The outstanding professional guest speakers greatly enrich the business program as do the opportunities to gain practical hands-on experience in businesses on campus.

—Christian Freed

I love the camaraderie within our business program. Instead of competing against each other, we strive to help each other succeed. It's such a great experience!

### BE A GOOD NEIGHBOR

Since August 2017, Weimar University's weekly service program called Total Community Involvement (TCI) has gotten attention. Even peer reviewers from an accrediting team have especially recognized TCI and its impact.

Each week, students, faculty, and staff spend a half-day meeting individual and group needs in the surrounding communities. It's yardwork, decluttering, helping people moving, health education for individuals and groups, healthy cooking demos, visiting with invalids and the lonely, and more.

Thanks to private donations, TCI teams have been able to give over 2.5 million dollars worth of their time in free medical care and other services since TCI began. It's our way of sincerely and practically sharing the gospel through a helping hand, a smile, or a conversation that can all lead to Christ.
