Health Evangelism and Leadership Training for Him

H.E.A.L.T.H.

“

HEALTH was so much more than I expected. As a result of the daily exercise, I've been empowered to do more than I ever thought possible physically. I now can lead and encourage others to improve their health as well.

—Margaret Bam

The HEALTH program helped me gain the experience and confidence I needed to share these healing concepts literally around the world.

—Cami Martin

BE A GOOD NEIGHBOR

Since August 2017, Weimar University's weekly service program called Total Community Involvement (TCI) has gotten attention. Even peer reviewers from an accrediting team have especially recognized TCI and its impact.

Each week, students, faculty, and staff spend a half-day meeting individual and group needs in the surrounding communities. It's yardwork, decluttering, helping people moving, health education for individuals and groups, healthy cooking demos, visiting with invalids and the lonely, and more.

Thanks to private donations, TCI teams have been able to give over 2.5 million dollars worth of their time in free medical care and other services since TCI began. It's our way of sincerely and practically sharing the gospel through a helping hand, a smile, or a conversation that can all lead to Christ.
