CLASS OF 2025 MOTTO

Something Better

“For my thoughts are not your thoughts, neither are your ways my ways, saith the LORD. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts.”

ISAIAH 55:8-9 KJV

Weimar
University

WHY WE *exist*

Weimar University was founded to impart a knowledge of God to its students. In order to do this, we embrace the principle that God offers the best, most effective methods of education, and that only by following these methods can we be sure of imparting true education to our students.

We believe that education must be relevant and practical. Our students graduate not just with the required knowledge but also with the ability to use that knowledge meaningfully in their life work. Our courses meet expected academic standards, challenge students to obtain an in-depth, practical knowledge of the subject, and lead students to a clearer knowledge of God. It is our prayer that our students will know God better and be more fully prepared to serve Him through each class they take.

WHAT IF WE COULD TRAIN AN ARMY OF YOUTH TO TAKE THE GOSPEL TO THE WORLD?

Donate and support the training of our youth to swiftly carry the message of a crucified, risen, and soon-coming Savior to the world!
