:: COURSE OFFERINGS

SCHEDULED COURSES (bold = updated)		
COURSE	DATES/TIMES	INSTRUCTOR
CHEM 111/111a: Survey of Chemistry with Lab (4 cr.)	June 8 - July 31 <i>Theory (online): Jun. 8 - July 1 (No class June 15-26) Lab (in-person): July 2 - 31</i>	Dr. George Opiyo
CHEM 353: General Biochemistry (4 cr.)	June 1 - July 6	Dr. Christina Harris
HLED 430: Chronic Disease & Lifestyle Medicine 11-Day Clinical Rotation (2 cr.)	Session I: May 17 - 28 Session II: June 14 - 25 Session III: July 12 - 23 Session IV: August 9 - 20	Dr. Ron Celestine
HLED 431: Chronic Disease & Lifestyle Medicine 18-Day Clinical Rotation (4 cr.)	Session I: May 17 - June 4 Session II: June 14 - July 2 Session III: July 12 - 30	Dr. Ron Celestine
HLED 441: Depression & Anxiety Recovery Program Rotation (3 cr.)	Session I: May 14-25 Session II: July 9-20 Session III: August 6-17	Dr. Neil Nedley Dr. Christina Harris
MSSN 101: Mission Experience - Zimbabwe (1 cr.)	May 12 - 27	Pr. Jean-Noel Adeline Dr. Joel Musvosvi
Music Festival	July 19 - 26 <i>(Credits and details coming soon!)</i>	Dr. Marcio Candido Dr. Kaija Perry Mariko Kinjo
NURS 224 Geriatric-Community Nursing (2 cr.)	June 8 - 30	Cheryl Guarin Alexandra Moen

SCHEDULED COURSES (bold = updated)

NURS 301: Pediatric Nursing (3.5 cr.)	July 6 - August 10	Jenna Chavez
NURS 410: Cross Cultural Mission Nursing (3 cr.)	July 8 - August 7	Dr. Sheila Cruz
PSYC 411 Field Study: DR Rotation (2 cr.)	Session I: May 14-25 Session II: July 9-20 Session III: August 6-17	Dr. Neil Nedley Gleny Cherian
RELB 101: Life & Teachings of Jesus (3 cr.)	June 8 - August 3 Directed Study Online <i>(For Fall 2025 first-year Nursing students only, unless otherwise requested by the Academic Advisor and approved by Dr. Shin and the Registrar.)</i>	Dr. David Shin
RELH 304: TR History of the Christian Church II	June 15 - 30 Reformation Tour	Dr. Dojcin Zivadinovic
RELM 441: Depression & Anxiety Recovery Program Spiritual Clinical Rotation (3 cr.)	Session I: May 14-25 Session II: July 9-20 Session III: August 6-17	Pr. Don Mackintosh Dr. Christina Harris

:: COURSE DESCRIPTIONS

COURSE DESCRIPTION

CHEM 111: SURVEY OF CHEMISTRY/CHEM 111a: SURVEY OF CHEMISTRY LAB (3, 1)

This is a survey of chemistry course that covers the basic principles of general chemistry. The primary topics presented are measurement, dimensional analysis, general principles of atomic structure, states of matter, nomenclature, bonding, reactions, properties of solutions, acids, bases, pH, and equilibria as required for a basic understanding of physiological applications. (Lab fee applies.)

CHEM 353: GENERAL BIOCHEMISTRY (4)

CHEM 353 is a one semester biochemistry course for Natural Science majors. The content examined during this semester will include examination of the fundamental chemical, structural, and functional properties of the major classes of biological molecules; examination of how metabolic pathways are used to degrade and synthesize these biochemical macromolecules; and examination of how the information required to synthesize and maintain these molecules is stored, duplicated, and interpreted.

HLED 430: CHRONIC DISEASE & LIFESTYLE MEDICINE 11-DAY CLINICAL ROTATION (2)

HLED 430 is a clinical rotation through the NEWSTART® program located on the Weimar Institute campus wherein students further develop skills gained in HLED 231. During this clinical rotation, students will interact with and shadow the NEWSTART® physicians, nurses, and other medical professionals. Students will also follow a NEWSTART® guest from beginning to end of the 11-day residential lifestyle treatment program. This includes a study of the chronic disease process and how lifestyle and other natural therapies favorably impact these processes. Of necessity, the course will include the basics of accurate diagnosis including history, physical exam, and laboratory studies.

HLED 431: CHRONIC DISEASE & LIFESTYLE MEDICINE 18-DAY CLINICAL ROTATION (4)

HLED 431 is a clinical rotation through the NEWSTART® program located on the Weimar Institute campus wherein students further develop skills gained in HLED 231. During this clinical rotation, students will interact with and shadow the NEWSTART® physicians, nurses, and other medical professionals. Students will also follow a NEWSTART® guest from beginning to end of the 18-day residential lifestyle treatment program. This includes a study of the chronic disease process and how lifestyle and other natural therapies favorably impact these processes. Of necessity, the course will include the basics of accurate diagnosis including history, physical exam, and laboratory studies.

HLED 441: DEPRESSION & ANXIETY RECOVERY PROGRAM INTERNSHIP (3)

This course is a two week intensive clinical experience offered in conjunction with the Depression and Anxiety Recovery program, which includes a review of the laws of mental health as founded in the Bible and the Spirit of Prophecy health message and informed by current research. The course provides an evidence-based approach for mental health lifestyle principles. The pathophysiology, prevention, conventional treatment and alternative therapies (natural remedies) of depression and anxiety as well as related mental illnesses will be reviewed. Students will observe and/ or obtain experience with the fundamentals of mental health assessment, contrast hydrotherapy, directed herbal remedies, plant-based food preparation, and exercise therapy. Cognitive behavioral therapy principles and spiritual congruence therapy that assists with self-control will be utilized and modeled. This unique course is designed for the undergraduate student majoring in pre-nursing, pre-medicine, allied health, theology or other services / ministry professions.

Prerequisites: PSYC 101, HLED 124, and FDNT 214

MSSN 101: MISSION EXPERIENCE (2)

Students will participate in the planning and execution of an international mission trip. Students will have the opportunity to be trained in doing public health education through a variety of techniques such as health expos, children's health expos, community health lectures, and health screening. Student's will also have the opportunity to be involved in evangelism through a variety of programs such as adult evangelism programs (i.e. Share Him, New Beginnings) and children evangelism programs. Often students also have the opportunity to shadow health professionals (i.e. dentists, doctors) and participate in free medical and dental clinics.

NURS 224: GERIATRIC-COMMUNITY NURSING (2)

This course integrates previous medical-surgical knowledge as it applies to the aging adult. A nursing process framework is applied in the assessment of physiological changes that occur with aging, and the development of outcome criteria for evaluating the aging adult's response to teaching/learning. Clinical experiences will provide a forum for application of interventions that optimize the older adult's functional ability. The specialized needs of the elderly in maintaining optimal health are examined. (1.0 Unit Theory, 1.0 Unit Clinical)

Prerequisites: NURS 220, 221, 222; Corerequisites: NURS 223 & 225

NURS 301: PEDIATRIC NURSING (3.5)

This course focuses on nursing management of infants, children, and adolescents with acute, chronic and/or life-threatening conditions and the impact on the family. Nursing care based on a developmental perspective is outlined. Sociocultural influences on the family, child-rearing, and care of chronically or acutely ill infants, children, and adolescents are incorporated. Clinical experience in the nursing management of childrearing families, infants, children, and adolescents across the continuum of health and illness is provided. This course is a summer course at Loma Linda University between the first and second year of nursing classes. (3.5 Units Theory) Prerequisite: NURS 223

NURS 410: CROSS CULTURAL MISSION NURSING

This course is designed to provide nurses with a knowledge of cross-cultural communication and principles of working with other cultures. The goal of this course is to equip nurses with professional skills to effectively serve the physical and spiritual aspects of patients and their families in cross cultural contexts. Nurses in this course will participate in a short-term medical mission trip experiencing first-hand cross-cultural patient care providing humanitarian health services and spiritual support to an under-served population.

PSYC 411 FIELD STUDY: DR ROTATION (2)

The DR Rotation is a service and field learning experience in which students will shadow a licensed psychologist during the Depression and Anxiety Recovery Program™. Students will reinforce psychological principles learned in the classroom by observing therapeutic practices of program counselors with participants. Students will be involved in facilitating table discussions on various topics related to depression and anxiety. In addition, they will integrate Biblical aspects and psychology into their discussion thus promoting a more comprehensive approach to heal hurting community members in alignment with the mission of Weimar Institute. In this context, students will be able to use the principles learned in their courses to serve community members in future settings.

RELB 101: LIFE & TEACHINGS OF JESUS (3)

The study of the life, teaching, and ministry of Jesus as found in the four gospel accounts and supplemented with the book, Desire of Ages and other resources.

RELM 441: DEPRESSION & ANXIETY RECOVERY PROGRAM SPIRITUAL CLINICAL ROTATION (3)

This course is a two week intensive clinical experience in the residential Depression and Anxiety Recovery Program™ and will include a review of the laws of mental health as founded in the Bible and the Spirit of Prophecy health message and informed by current research, which will provide an evidence-based approach for mental health lifestyle principles implemented. The pathophysiology, prevention, conventional treatment and alternative therapies (natural remedies) of depression and anxiety as well as related mental illnesses will be reviewed. Students will observe and/ or obtain experience with the fundamentals of mental health assessment, contrast hydrotherapy, directed herbal remedies, plant based food preparation, and exercise therapy. Cognitive behavioral therapy principles and spiritual congruence therapy that assists with self-control will be utilized and modeled. This course is designed for undergraduate students majoring in theology and religion.

RELH 304 TR: History of the Christian Church II (3)

RELB 304 TR (Reformation Tour)

The course continues the study of Christian church history, covering the history of the Reformation, post-Reformation developments, and modern church history.

:: REGISTRATION

To enroll for summer courses, you will need to complete the *Summer 2026 Registration Checklist*. Please contact the Registrar at registrar@weimar.edu to have a form generated for you.

:: TUITION

Summer tuition is \$740 per credit hour.

A registration fee of \$120 and a technology fee of \$35 (if taking 6 credits or less) or \$465 (if taking more than 6 credits) will be applied.

Payment must be completed before the first day of class. Please contact Ms. Tanya Schulerbrandt at studentfinance@weimar.edu if you have any questions or concerns.

Tuition for mission trips and reformation tour *will be different* than what is listed. Please contact the professor in charge of each trip for details.

:: ROOM AND BOARD

All housing arrangements will be made through our Director of Student Services, Dr. Phodidas. He can be contacted at phodidas@weimar.edu for assistance. This is one of the steps in the Registration Checklist. See Dr. Phodidas for specifics on housing charges.

If you are planning to work during the summer to qualify for housing, please talk to your work supervisor to put in a request before the summer begins.

There will be no meal plan for summer; students can purchase them individually per meal. If you are planning on purchasing cafeteria meals for the summer, please make arrangements directly with the cafeteria by contacting cafeteria@weimar.org for assistance.
