Financial Plan Worksheet Instructions

The Financial Plan worksheet is a tool to assist you in projecting the total cost of your educational program at Weimar Institute. This plan shows us what your projected costs are, and how you intend to finance them. Weimar Institute does not participate in either federal grants or loans and, thus, the full amount of the cost is to be covered by the student and/or parent/guardian.

Section I

Please project the total cost of your year's education at Weimar Institute, and extend the total onto line (a).

Please note: *A \$3,500 downpayment, which is included as part of tuition expenses, is due by the first day of class for EACH semester.*

Students may not draw funds from their tuition account.

Section II

Enter the sources of all funds available to you and enter the total on line (b). If the funds available to you are sufficient to cover the costs projected on line (a), please skip Section III. If however, the total on line (b) is not adequate to cover the total cost as projected, please obtain written sponsorship agreements.

Section III

Be sure to speak to your local church pastor and request assistance from the church's Worthy Student Fund. At times, funds may also be available from your local conference, so be sure to check with them as well. List the amounts that will also be available from other sources and enter the total of all other funds on line (c).

In order to prevent delays in processing your enrollment application, please provide Weimar Institute's Admissions Officer with the name, addresses, telephone number and fax number of each party who has agreed to provide you with financial assistance.

Sponsor Financial Support Agreement: May be obtained from our online application materials and should be submitted with financial forms. If sponsors have questions, they may contact the Academic Administration Office at 530-422-7923 for assistance. **Without the properly-prepared Sponsor Financial Support Agreement, your application will not be considered complete.**

Section IV

Summarize your Financial Plan by computing the total of lines (b) and (c) and subtracting the total recorded on line (a). Enter this total on line (d). If the result is positive, you will have sufficient funding for the school term. If however, the result is negative, you have a shortage of funds for the educational program that you have outlined. Please explain in detail *how* and *when* you intend to cover this shortage. Please note that lack of adequate funding may prevent you from gaining admission and/or attending for the full period requested above. A minimum of 80% coverage is required before the application can be reviewed.
